

## News Release

### **JOHAN HYBINETTE ACHIEVES TOP COMPUTER SECURITY DESIGNATION THROUGH CISM CERTIFICATION**

*Denver, Colorado – May 2004* – Johan Hybinette, president of Hybinette, Inc., and chief technology officer for Cebic Technologies, Inc., has achieved the Certified Information Security Manager (CISM) designation, a credential awarded by the Information Systems Audit and Control Association to recognize expertise in IT security.

Hybinette had previously completed extensive testing to receive his CISSP (Certified Information System Security Professional) designation from the Information Systems Security Association (ISSA), and is a member of the ISSA.

Founded in 1989, Hybinette, Inc. specializes in high performance hardware solutions for businesses with the need to store and transfer large amounts of data. Computer security has become an essential aspect of all systems design and implementation and is reflected in Hybinette's equipment standards.

In 2000, Cebic Technologies was founded as a sister company to Hybinette, Inc. to provide security solutions for entrepreneurial businesses, including remote intelligence monitoring of computer networks, virus screening, software updates and hardware and software status control.

For more information, contact Cebic Technologies at 1-888-232-4226 or visit [www.cebic.com](http://www.cebic.com).
