PETER WELLS ZAFIAN NAMED CEBIC TECHNOLOGIES PRESIDENT

[Download Print Quality Photo](#)

Denver, Colorado – July 2008 – Peter Wells Zafian has been named President and CEO of Cebic Technologies, Inc. a Denver based computer security and managed services company. An experienced executive from the telecom industry, Zafian has successfully grown sales in multi-state regions, managing national sales and service forces, and creating and implementing successful client relationship programs instrumental in substantial revenue growth. Prior positions have included MCI WorldCom, Pentastar Communications, McLeod USA and Integrated Alliances, LLC. Before joining Cebic Technologies, Zafian was president of Insure Telecom, LLC.

Zafian holds an MBA with an information systems and finance concentration from the Stern School of Business, New York University and a Bachelor of Science in Computer Science from Union College in Schenectady, New York..

Cebic Technologies provides security solutions for entrepreneurial businesses, including remote intelligence monitoring of computer networks, virus screening, software updates, hardware and software status control, intrusion detection and managed IT hardware and software services.

For more information, contact Cebic Technologies at 1-888-232-4226 or visit www.cebic.com.
